Sewer Service Charge Rebate for Low-Income Households FAQ

Who is eligible to receive a low-income rebate?

To qualify for a sewer service charge rebate for low-income households, you must be a residential property owner in the Mt. View Sanitary District and either (1) be an existing PG&E California Alternate Rates for Energy (CARE) program customer which automatically qualifies you as a low-income household or (2) establish you are a low-income household according to Mt. View Sanitary District's income levels (which is similar to the PG&E CARE thresholds).

Do I need to submit a low-income application every year?

Yes, because the rebate is based on income, and income may change from year to year, you will need to file a low-income application every year.

What is the deadline to file an application for a sewer service charge rebate?

This application must be filed on or before June 30th each year for the next fiscal year budget which begins July 1st.

I own multiple residences which are located on different parcels. Can I receive a rebate for each of them?

No, you may only claim ONE parcel as your primary residence.

When will I receive my rebate check?

The District receives its Ad Valorem Tax deposit from Contra Costa County in December/January; rebate checks will be mailed out in January/February.
